ENGINEERED TO ENDURE SUMOTO TYRES

Based in Morbi, Gujarat, Sumoto Tyre is built on a strong manufacturing ecosystem and a clear promise of dependable performance. From its roots as a focused tyre manufacturer, Sumoto Tyre has steadily grown to serve customers across multiple regions, earning trust through consistent quality and practical innovation. Today, Sumoto Tyre is committed to delivering tyres that match the real demands of Indian roads and worksites, with a product range designed for strength, stability, and longer service life. As a customer first brand, we focus on engineering tyres that support daily mobility and heavy duty applications with confidence, backed by quality driven processes and a performance led mindset.

*Reliable for
Every Journey*

OUR BRAND COMMITMENTS

We are committed to delivering tyres that ensure strength safety and dependable performance across every terrain and application. From highways and farms to industrial and road environments, our focus remains on reliability built through precision engineering and strict quality standards.

Every tyre is developed using advanced materials rigorous testing and controlled manufacturing processes. We continuously innovate to meet global benchmarks while building long term trust through consistency durability and responsible manufacturing practices.
